perFORMa™

The Performa™ range of garments are made from specially selected fibres and are precisely engineered for superlative performance.

Polo shirts have flat knit collars and ribbed cuffs to add strength and comfort, the sweatshirts are reactive dyed to lock in the colour so that they stay bright and sharp for longer.

Made from a blend of cotton and polyester fibres for a durable soft finish and easy care, these are just some of the attributes that allow the sweatshirts, cardigans and jog pants to deliver on their promise to stay smarter for longer.
