

Rowlinson®

schoolwear for longer™

Welcome to Rowlinson.
We are the largest and most successful personalised schoolwear manufacturer in the UK and are number one for service. We carry large stocks and produce personalised schoolwear consistently faster than others. You can have confidence that we only use the best branded fibres and spinners.

We care about the products and services that we offer, we have built a specialist team to handle customer care and we are confident that our continued investment in the best technology that we can afford will improve our efficiency. Our strong partnerships have contributed to our success and we thank those who have given us their continued support. Without them we would not be where we are today.

Snowgoose®

Snowgoose 2®

The image shows a close-up of a green fabric with an embroidered logo. The logo consists of the word "Rowlinson" in a stylized, serif font. Below the name are five rectangular color swatches, each with a different color and a textured, woven appearance. The colors from left to right are: dark blue, yellow, light blue, dark blue, and white. The background is a textured green fabric, likely a polo shirt as mentioned in the text.

brands

The Rowlinson portfolio of brands has been carefully developed to reflect our corporate image and to build on the range of products which Rowlinson are able to offer.

Some acquisitions along the way have enabled us to strengthen our offer. Notably the purchase of the Snowgoose brand from the North Cape Group, and more recently the purchase of the Courtele® brand which is now owned exclusively by Rowlinson. Both have enabled us to extend the range and further develop the second generation of these products.

We will continue to extend our offer and protect our corporate identity with brands which reflect our quality position in the market.

products

We offer superlative garments which are designed for the school specific market. These garments can be personalised with embroidery if required. We offer a speedy embroidery service which is second to none in the industry. We embroider to time and to Oeko-Tex standards.

Our schoolwear will last for longer and we offer a comprehensive range of knitwear, polo shirts, sweatshirts, jog pants, cardigans and fleeces. Quality is paramount in everything that we do and we aim to offer a customer service which cannot be beaten.

Trust - we are ethically responsible

The Rowlinson portfolio of brands has been carefully developed in house and with suppliers who are ethically sound and environmentally friendly for greater peace of mind.

Trust - we are Oeko-Tex approved

We believe that the garments which we sell should be ethically sound and as environmentally friendly as they can possibly be.

Responsible textile and clothing producers are working successfully to design products so that no harmful substances are present in any significant amounts. We have certification for the Oeko-Tex 100 standard which is the Eco label designed to identify garments which have been produced with special care.

The standard tests for over 100 chemicals such as pesticides, these tests break down a garment so that all the components such as threads, buttons and yarn are tested, not just the fibre. These tests are carried out by an independent body and those which have certification can carry the Oeko-Tex logo.

In addition our customers can be assured that all our factories are fully compliant with all health, safety and child/labour regulations. We offer peace of mind that our products are tested for safety to recognised Eco standards so you can have confidence when you purchase them.

Rowlinson accepts its corporate and social accountability and aims to conduct its business in an ethical and environmentally responsible way.

Trust - we test all products

Rowlinson tests to ISO 9001:2000 Quality Management Systems

All garments are subjected to a rigorous testing process through an AQL Statistical Quality Control System. This process ensures that we capture all aspects of the fabric, garment make up, aesthetic appearance, dimensional stability, colour continuity and measurements to specifications.

We also test our fabrics and accessories for harmful chemicals or pesticides to Oeko-Tex standards. Fabrics undergo various tests for compliance to standard tolerance, which include: pill tests, weight tests and pre and post wash tests to assess dimensional stability, colour stability and fabric shrinkage.

We strictly adhere to Health and Safety Standards; all our accessories including, buttons, cords, zippers and hoods are safe and conform to BS compliance and we implement a metal detection and needle policy to make sure that broken needles are eliminated from garments.

Importantly we operate an environmental policy in all that we do so that we minimise our impact on the environment.

Trust -

We don't
supply
schools!

It is not our policy to supply schoolwear direct into schools. We do not deviate from this principle. Please do not ask us to supply shops within schools, or any school large or small, our preference is to support those stockists who support us. Transparency leads to the trust and excellent partnerships which we enjoy with our customers. These are the official stockists of our product.

Made in the UK

A photograph of two school children, a girl and a boy, in a library. They are both wearing school uniforms. The girl is on the left, leaning over a globe on a desk. The boy is on the right, pointing at the globe with his right hand. The globe is a standard world map on a stand. The background shows bookshelves filled with books.

We maintain production in the UK at our own factory in Stockport where we have a loyal and committed workforce. We mainly manufacture knitwear and keep the embroidery facility which allows us to offer a speedy service to customers needing personalised knitwear and other products.

Made in Egypt

We have a very close relationship with our supplier in Alexandria called Totex. They produce garments for their own retail brand in Egypt and work exclusively for Rowlinson on much of our product range. Totex are fully integrated with all our systems, absolutely dedicated to our production and share our ethical values.

Special at manufacturing

Our business grew around knitwear, we offer plain stock suitable for embroidery and specials stripes and finishes to give full personalisation for schools. In 2007 we completed our purchase of the Courtelle brand ® which is now owned exclusively by Rowlinson and is being developed further to extend the range and create a second generation of products suitable for todays market.

Our business grew around knitwear, we offer plain stock suitable for embroidery and special knitwear to give full personalisation for schools.

In 2007 we completed our purchase of the Courtelle® brand which is now owned exclusively by Rowlinson and is being developed further to extend the range and create a second generation of products suitable for todays market.

Warehouse

Our warehouses are second to none, we know that the secret to good quick service is stock, stock and more stock so we are well equipped to service our customers needs. We have over 70,000 sq ft of warehousing in Stockport and a further 10,000 sq ft at our supplier company Totex in Alexandria.

Our systems are fully automated with computer assisted picking for accuracy. It is our policy to build huge quantities of garments so that we can offer a 24 hour stock service on plain garments to our customers. These can then be embroidered in house and sent out quickly as required. At any one time we try to have the entire range available for calling off. Quite some achievement in a business as seasonal as this one.

woodbank®

woodbank®

The Woodbank® range meets the need for functional and affordable clothing and represents excellent value for money. At the same time the garments retain all the quality features which you would expect from a Rowlinson product.

The sweatshirt is 65 / 35 polyester cotton and is Oeko-Tex approved. Engineered to 280gsm weight it is heavier than many standard acrylic sweatshirts and offers excellent easy care properties and continuity of shading for customers who wish to take advantage of the excellent value.

Reactive dyed it keeps its colour wash after wash.

Woodbank Sweatshirts - Value for longer™

Crew Neck
V-neck
Cardigan
Jogpant

Sizes: 2-3 years to XXL

Fabric: 65% Polyester / 35% Cotton, 280gsm – hard wearing fabric which is brushed for warmth and with excellent colour fastness achieved through the high technical process of reactive dyeing. This mix offers great easy care – wash at 40°C, cool tumble and cool heat ironing.

Make up:

- Classic raglan sleeve – manufactured for ease of movement and comfort of the wearer
- Elasticated cuffs and hem rib. Reinforced top stitched sleeve seams for strength, together with twin needled neck, cuff and hem for neatness and strength
- Matching jogpants available which comply with British Standard BS 14682:2004 “Safety of Children’s Clothing”
- Seam covered back neck (except age 2-3)

Colours:

Some colours and sizes are not available in all styles across the Woodbank range. For more detailed information, please refer to the availability charts at the back of this brochure.

 SNOWGOOSE

SNOWGOOSE®

With thanks to William Turner & Son Limited who supplied the ties.

Snowgoose[®] offers a snug winter fleece for those chilly situations outside. Its brand heritage means that it is easily recognisable by the consumer and is probably the premier fleece for Schoolwear.

This product is big on safety as well as warmth, the full zip anti-pill fleece jacket complies with European Standards on mechanical safety meaning there are no toggles or gimmicks which might harm children when out at play.

Snowgoose -
Warmer for longer™

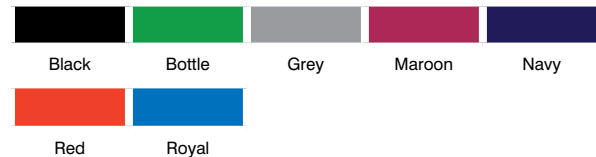

Polar fleece zip through jacket

Sizes: 2-3yrs to XXL

Fabric: A warm, lightweight zip through garment in Polyester Polar Fleece. The fabric is given a special anti-pill finish which maintains its appearance after washing. Polar Fleece is an ideal cold weather fabric, as it insulates by trapping air within the pile of the fabric, whilst being a lightweight fabric to wear, and yet easy to care for.

Make up: Zip through jacket in 300gsm 100% Polyester Polar Fleece offering easy wash and care properties. The fabric is crease resistant and requires no ironing. Zip through styling for ease and versatility in wear, with two zipped pockets for security. Eye catching split front detail and top stitched throughout, and with elasticated cuffs for a snug fit.

Why choose Rowlinson

Rowlinson has been manufacturing in the UK since 1935. We are the largest and most successful personalised schoolwear manufacturer in the UK. We are also number one for service. Our continual investment in plant, equipment and the right people makes certain that we have unbeatable products.

We carry large stocks and are able to produce personalised garments consistently faster than others. We only use the best branded fibres and spinners for our yarns, sourced from ethical suppliers. Our garments are manufactured to exceptionally high standards in an ethical and environmentally responsible manner.

We believe that we should contribute to the future of the textile community, and as such we participate in Skillfast, Force 12 and TechniTex. We are pleased to be a patron member of The Schoolwear Association.

We aim to supply affordable, functional garments with great service. We are immensely proud that the Rowlinson brand has the trust of its customers and we will continue to earn it.

Thank you

We have many people to thank:

In particular we would like to thank you, our customers for your business and the partnerships that we enjoy with you. We have made progress because you have encouraged and supported us along the way. We aim not to let you down.

Our partners continue to offer us great service, quality and above all integrity in their dealings with us, as we all continue to grow we appreciate this aspect of relationship more than ever.

Our bank The Bank of Scotland has been fantastic, the support is always there, the partnership solid and we know that they care about our business.

Importantly we would like to thank our staff, who always try to up their game, and not just at "Back to School" time! They are our best asset and their enthusiasm and commitment is the reason that we thrive.
